**In the event that brushing or grooming causes any anxiety, pain, or discomfort leading to added time or care on the part of the groomer or support staff, additional grooming services and charges (de-matting, shaving, handling, etc.) may be necessary to complete the grooming process. Should the groomer decide that these services are warranted, please select one of the following options:**

- I prefer that you proceed as the groomer deems necessary and understand additional fees will apply.
- I prefer to be called before any additional services are performed. **If I cannot be reached, I authorize you** to proceed as the groomer deems necessary and understand additional fees will apply.
- If I **cannot be reached** by phone (or am unable to respond to a message in the timeframe necessary to complete grooming today), I **do not authorize** any unforeseen grooming services.
- I understand that my pet's grooming will be incomplete and I will need to schedule a follow-up visit to finalize the process. I will be charged based on what grooming services were completed as performed and priced by the groomer, and am aware some services (bath, etc.) may need repeated at my pet's subsequent visit.
